ARMORY PROCEDURES

Priority for New Students and Special Problems

Newly admitted students who are unable to pre-register and pre-registered students who receive less than 9 credit hours will gain priority admission to the Armory. This priority access is designed to: 1) help eliminate the overcrowding in the Armory, 2) enable students who really need courses (new registrants and people with partial schedules) the opportunity to register first, and 3) encourage students to take advantage of pre-registration and thus avoid the necessity of going to the Armory.

SCHEDULE I — Newly admitted, readmitted, and reinstated students

Monday, January 12, 1976 — 8:30 a.m. to 1:55 p.m.

This schedule will apply to newly admitted, readmitted, and reinstated students. Students in this category should report directly to Reckord Armory according to the alphabetic schedule. A Letter of Admissions will permit these students to enter the Armory. Only students who had no opportunity to pre-register may register according to this schedule.

SCHEDULE II — Partially Scheduled Pre-Registrants

Monday, January 12, 1976 — 2:00 p.m. to 6:00 p.m.

This schedule will apply to students who pre-register for more than 8 credit hours but receive 8 or less. Students in this category will be notified of their eligibility when they receive their Class Schedule Card. The Class Schedule Card showing 8 credit hours or less and indicating their eligibility and the Registration Card will permit these students to enter Reckord Armory according to the published alphabetic schedule. Excluded from this category are students who requested 8 or less credit hours and receive the number of credit hours they request.

SCHEDULE III — All other students

Tuesday, January 13, 1976 — 8:30 a.m. to 6:00 p.m.

This schedule will apply to all other students not included in the first two categories. Students who are registered for Fall 1975 but do not pre-register for Spring 1976 will be included in this category. Students under this category should report, according to alphabetic schedule, to the Armory.

CANCELLATION OF PRE-REGISTRATION
OF
WITHDRAWAL FROM THE UNIVERSITY

If a student pre-registers and subsequently decides not to attend the University, the student must either cancel the registration or withdraw from the University. The correct procedure to follow is determined by *when* the decision not to attend is made.

PRIOR TO THE 1st DAY OF CLASSES, students may cancel their registration. If a cancellation is processed prior to the first day of class, the student incurs no financial obligation to the University for the semester. FAILURE TO CANCEL PRE-REGISTRATION WILL RESULT IN FINANCIAL OBLIGATION TO THE UNIVERSITY EVEN THOUGH THE STUDENT DOES NOT ATTEND CLASSES.

ON OR AFTER THE 1st DAY OF CLASSES STUDENTS MUST WITHDRAW from the University. While a student who withdraws may be entitled to a refund, the amount of the refund is determined by the date the student processes his withdrawal. The chart below will indicate the percentage of tuition refund to which the student who withdraws is entitled. As indicated, it is possible to withdraw and receive no refund.

To Cancel Your Registration (on or before January 13)

- 1. Your cancellation request must be received in writing by:
Office of Registration — Rm. 1130, North Administration Bldg.
University of Maryland, College Park, Maryland 20742

Since the University can honor only those requests for cancellation which are actually received prior to January 14 it is suggested that **all requests be sent by registered mail.**

- 2. For additional information concerning cancellations call the Registrations Office, 454-2734.
- 3. Refer to the chart below for refund information.

To Withdraw from the University (January 14 or later)

- 1. Go to your Dean or Division Provost to secure the necessary form. Complete the form and hand carry it to Room 1130A, North Administration Building.
- 2. Withdrawal becomes effective on the date the form is filed with the Office of Registrations.
- 3. Tuition refunds will be processed upon receipt of the completed Withdrawal Form and after adjustment has been made to the student's account by the Office of Registrations.
- 4. Refer to the chart below for refund information.
- 5. Be certain to return all books to the Library, your identification card and your food service identification card to the Office of Registrations, and your room key to the Residence Hall Staff. Also be certain to clear all financial accounts at the Division of Business Services, South Administration Building.

REFUND SCHEDULE FOR DROPPING
COURSES—FULL-TIME UNDERGRADUATES

Full-time undergraduate students do not receive a refund for courses dropped if the total number of credits for which they are registered remains 9 or more.

PRIOR TO THE 1st DAY OF CLASSES (January 12 and 13), if a full-time undergraduate student drops a course or courses, thereby changing the total number of credits for which he is registered to 8 or less, charges for the semester will be assessed on the basis of the per credit hour fee for part-time students.

However, if the student subsequently adds a course or courses, thereby changing the total number of credits for which he is registered to 9 or more, the student will be billed for the difference between per credit hour fees paid and the general fees for full-time undergraduates.

ON THE 1st DAY OF CLASSES OR LATER (January 14 OR AFTER), if a full-time undergraduate drops a course or courses, thereby changing the total number of credits for which he is registered to 8 or less, charges for the semester will be assessed on the basis of the full-time general fees. That is, there is no refund for changing from full-time to part-time status on the first day of classes or later. If the student has already made payment as a full-time student, no refund will be processed. If the student has not made payment he will be billed for the full-time undergraduate fees.

IN OTHER WORDS, if at any time on or after the first day of classes, a student is registered for 9 credits or more he will be billed on the basis of the full-time undergraduate fees.

JANUARY 28 AND AFTER — \$2.00 fee is assessed for each drop processed (to be billed).

IDENTIFICATION CARDS

Students who pre-register for the Spring 1976 session will receive a new Registration Card along with their Class Schedule. This card will validate their Photo Transaction Card and should be carried at all times.

Students who do not pre-register will receive identification cards when they do register.

These cards can be used by all students to withdraw books from the libraries and as a general form of identification on campus. Full-time undergraduates may use the cards for admission to most athletic, social and cultural events. *The Photo/Transaction Card will be used by boarding students for admission to dining halls.*

Questions concerning the identification system should be addressed to the Office of Registrations (454-2734).

FOOD SERVICE
IDENTIFICATION CARDS

The University will no longer issue a separate ID card for food service. Those students with board contracts may use their Photo/Transaction Cards for admission to the dining halls.

RECLASSIFICATION
TO IN-STATE STATUS

The deadline for meeting all requirements for an in-state status and for submitting all documents for reclassification is the last day of late registration for the semester the student wishes to be classified as an in-state student.

DEADLINE

Spring 1976 semester.....January 27, 1976

It is imperative that students who wish to request a review of their eligibility for an in-state classification submit the required documents to the appropriate office as soon as possible. If a large number of students apply for reclassification during registration, the volume of requests may necessitate a delay in completing the review process. Unfortunately, in some cases, the delay may be up to ninety (90) days. Until reclassification is officially granted, a student is required to pay fees and charges based on his previous classification. It is to your advantage to apply early.

Petitions for review of eligibility, related documents and questions concerning the policy of the University of Maryland for the determination of in-state status should be directed to the following offices:

Undergraduates	— Admissions Counselor Office of Admissions Ground Floor — North Administration Building 454-4137, 4535, 4536
Graduate Students	— Mrs. Lois Lyon Graduate Records Office Room 2117 — South Administration Building 454-5428

IN-STATE STUDENTS

Notice to students classified as in-state for admission, tuition and charge-differential purposes.

Please be aware that it is your responsibility to notify the proper office listed below in writing within 15 days of any change in your circumstances which might in any way affect your classification for admission, tuition and charge-differential purposes at the College Park campus.

Your written notice or questions concerning the policy of the University of Maryland for the determination of in-state status must be directed to the following offices:

Undergraduates	— Admissions Counselor Office of Admissions Ground Floor — North Administration Building 454-4137, 4535, 4536
Graduate Students	— Mrs. Lois Lyon Graduate Records Office Room 2117 — South Administration Building 454-5428

REFUND POLICY FOR MATH 001

- 1. Effective Fall 1975 a part-time or full-time undergraduate who drops Math 001 will receive a percentage refund of the \$75.00 fee in accordance with the sliding scale printed in the Schedule of Classes under "Refund Schedule for Dropping Courses — Graduate Students and Part-Time Undergraduates" which calls for a full 100% refund if the course is dropped prior to the first day of classes, an 80% refund if the course is dropped during the first five (5) days of classes, and 0% thereafter.
- 2. A student withdrawing from the University will receive a percentage refund based on the sliding scale printed in this Schedule of Classes under "Cancellation and Withdrawal Dates for Refund of Tuition."
- 3. Math 001 will still be counted in the determination of hours for full-time or part-time status, notwithstanding the refund policy.
- 4. Refunds of the Special Math Fee will not be automatic. Students who feel they are entitled to a refund should contact the Registrations Office Counter, First Floor Lobby, North Administration Building.

WHERE?

Distribution:

Registration materials will be distributed by the academic departments: the invitation postcard indicates the department where a student's materials will be located. Distribution timetables may vary according to the department.

Collection:

Students should return registration materials to their department.

Academic questions concerning degree requirements, course descriptions, or course prerequisites should be directed to the academic departments, the college deans, or the division provosts. Questions concerning registration materials can be answered by the departments, the deans, the provosts, or the Registrations Office (454-5559).

The Schedule Request Form is a *request*. Because of adjustments made between the publication of the first edition of the Schedule of Classes and the actual sectioning process, some times/locations of course offerings may change. Please consult the second edition of the Schedule of Classes.

There are several reasons why legitimately requested courses are not received. The sectioning process will not schedule a time conflict. The maximum number of credits which can be received via pre-registration is 19. Some courses are *by permission only*. If you are in doubt about a course's availability, please consult the department. Students may be denied enrollment by departments in *by permission only* courses. Since students are sectioned based on the total number of credits earned (highest first) some courses/sections may be closed when the process reaches a specific individual. Other courses may have been cancelled by the time sectioning occurs. In pre-registration courses are filled to 90% of capacity.

Students who do not receive a pre-registration schedule in the mail should contact the Registrations Office (454-5559) prior to the Armory Registration period.

HOW?

Using a number two pencil only, fill in the date, phone (day), birthdate, name, signature, social security number and scheduling method code.

Students are urged to check their Schedule Request Forms carefully. Since the forms are optically scanned it is important to insure the forms are not damaged and it is important to insure the clarity and accuracy of the information put on the form. Correctly written Social Security Numbers and Course Index Numbers are vitally important. Please use the numeric format along the left margin of the Schedule Request Form as a guide for completing requests.

Fill in the course information as specified in each box. You must print the *course prefix*, the *course number*, the *suffix (if applicable)*, the *index number*, the *grading option (OPT) code* and the *credit* for every course requested. This information corresponds to what is printed in the "Course Listing Information" section of this Schedule of Classes: (OPT) = 1-Regular; 2-Pass/Fail; 3-Audit; 4-Satisfactory/Fail

***NOTE: If you are taking a course for 10 credits or more, trace the line in the first section of the CREDIT box and fill in the appropriate digit in the second section of the box. If you are taking a course for 9 credits or less, fill in the appropriate digit in the second section of the CREDIT box, leaving the first section blank. Courses may not be taken for credits other than the number indicated in the "course offerings" section.

*The LEC (lecture section) and LAB/DIS (lab/discussion section) do not always have to be filled in. In this case, you have three (3) options:

- If you fill in the index number only, leaving LEC and LAB/DIS blank, an attempt will be made to schedule you into that particular course, any available lecture section, any available lab/discussion section.
- If you fill in the index number and LEC, leaving LAB/DIS blank, an attempt will be made to schedule you into that particular course and lecture section, any available lab/discussion section.
- If you fill in the index number, LEC and LAB/DIS, an attempt will be made to schedule you into that particular course, lecture section and lab/discussion section.

You have a choice of two (2) Scheduling Methods — Alternate Course or Alternate Program.

Regardless of which method you choose, the registration system will consider ALL courses listed in the primary (A) column first. Alternates will be considered only when primary requests are unavailable. The system will not schedule a time conflict.

Neither method requires you to indicate either first or second alternates. However, it will be to your advantage to supply the system with possible alternatives should your complete primary schedule be unavailable as specified. This will reduce the chance of a partial schedule.

The sectioning process uses the method selected by the student to determine how to process a student's request. Regardless of what order a student places courses in the primary (A) column, the sectioning process will take place starting with the course with the fewest available sections.

For the *Alternate Course Method* up to six attempts are made, assuming they are necessary and that the student has alternate choices. The last three of these will consider all possible sections if the specified section(s) are not available. If none of the six attempts yields a completely sectioned schedule, then the attempt which sectioned the largest number of credits is selected.

For Example:

- Primary choice schedule, requested sections
- Alternate choice schedule, requested sections
- Alternate choice schedule, requested sections
- Primary choice schedule, all possible sections
- Alternate choice schedule, all possible sections
- Alternate choice schedule, all possible sections

For the *Alternate Program Method* the sectioning process begins as in the Alternate Course Method, i.e., the course with the fewest number of sections first. However, the Alternate Program Method will keep the requests listed in Columns A, B, and C distinct. It will not give a schedule combining requests from the three columns.

sample form

Under the ALTERNATE COURSE method:

The system will schedule all requests in the primary (A) column which are available

A		
01	MATH	not available
02	ENGL	available - scheduled
03	HIST	not available
04	ARTE	available - scheduled

The system will consider requests in the B column only if the A request in that row was not available

B		
01	SPAN	available - scheduled
02	RTVF	not considered
03	CHEM	not available
04	JOUR	not considered

The system will consider requests in the C column only if neither the A request nor the B request in that row was available.

C		
01	DANC	not considered
02	BOTN	not considered
03	BSAD	available - scheduled
04	PHIL	not considered

For example, final schedule arrived at under this method

A	B	C	
01	SPAN		SPAN
02	ENGL		ENGL
03		BSAD	BSAD
04	ARTE		ARTE

This method (ALTERNATE COURSE) may schedule a combination of courses requested in different columns.

Under the ALTERNATE PROGRAM method:

The system will consider all requests in the primary (A) column first. If all courses in A are available as requested, the system will schedule column A. Columns B and C will not be considered.

A			
01	MATH	available	} scheduled
02	ENGL	available	
03	HIST	available	
04	ARTE	available	

If any of the courses in column A are not available as requested, the system will not schedule any of the courses requested in A.

A			
01	MATH	not available	} not scheduled
02	ENGL	available	
03	HIST	available	
04	ARTE	available	

The system will then consider the courses requested in column B. If all courses in B are available as requested, the system will schedule column B. Column C will not be considered.

B			
01	SPAN	available	} scheduled
02	RTVF	available	
03	CHEM	available	
04	JOUR	available	

If any of the courses in column B are not available as requested, the system will not schedule any of the courses requested in B.

B			
01	SPAN	available	} not scheduled
02	RTVF	not available	
03	CHEM	not available	
04	JOUR	available	

The system will then consider the courses requested in column C. If all courses in C are available as requested, the system will schedule column C.

C			
01	DANC	available	} scheduled
02	BOTN	available	
03	BSAD	available	
04	PHIL	available	

If any of the courses in column C are not available as requested, the system will not schedule any of the courses requested in column C.

C			
01	DANC	not available	} not scheduled
02	BOTN	not available	
03	BSAD	available	
04	PHIL	not available	

The system will then go back over all 3 columns (A, B, and C) and schedule the one with the greatest number of courses available as requested.

A	B	C
01 MATH not available	01 SPAN available	01 DANC not available
02 ENGL available	02 RTVF not available	02 BOTN not available
03 HIST available	03 CHEM not available	03 BSAD available
04 ARTE available	04 JOUR available	04 PHIL not available
3 courses available as requested	2 courses available as requested	1 course available as requested

In this case, the system would schedule a part of column A (courses 02, 03 & 04) because that column contains the greatest number of courses available as requested.

This method (ALTERNATE PROGRAM) will not schedule a combination of courses from different columns. All courses scheduled under this method would have been requested in the same column, either A or B or C.

Audit courses*

¹Except Full-Time Undergraduate Students, where the \$5.00 fee is incorporated in the General Fee.

²For billing purposes, undergraduate full-time status is defined as a registration for 9 credits or more on or after the 1st day of classes.

³The special Math fee is in addition to course charge. Students enrolled in this course and concurrently enrolled for 6 or more credit hours will be considered as full-time students for purposes of assessing fees. Student taking only Math 001 pays for 3 credits plus \$75. A 3 credit course plus Math 001 results in a charge for 6 credits plus \$75.00. A full time student pays full time fees plus \$75.00.

⁴This is in addition to course charges. There is also a \$5.00 per week room charge for students not living in campus housing.

⁵For each course or section dropped or added on or after Wednesday, January 28. A \$4.00 fee is charged for each section change (\$2.00 for the section added; \$2.00 for the section dropped) processed on or after Wednesday, January 28.

⁶Refer to page 15 of the 1975-1976 Undergraduate Catalog for an explanation of Credit-By-Exam procedures.

*The charge for an AUDIT course is the same as the charge when a course is taken for credit.

**A student who has been admitted to the Graduate School will be charged the graduate credit hour fee for all courses regardless of the level of the course.

SPRING BILLING DATES

Student bills will be mailed on the following dates:

December 10, 1975
February 18, 1976
March 24, 1976
April 21, 1976

Registration (including Pre-registration) is neither complete nor official until all fees, including outstanding Student Accounts Receivable balances, have been paid. Late fees will be charged.

PLEASE NOTE . . . although the University regularly mails bills to students it cannot assume responsibility for their receipt. If a mailed bill is not received, it is the responsibility of the student to obtain a teletype bill. (9:00-4:00 Room 1103, South Administration Building).

PLEASE REMEMBER . . . if you pay your bill Monday, January 19 or later, the \$20.00 late registration fee will be added on to your bill.

BILL PAYMENT

Pre-registered Students

Bills for payment of fees will be mailed to students who pre-register for the Spring 1976 semester. PAYMENT IN FULL MUST BE MADE NO LATER THAN JANUARY 13, 1976. Payment by mail anytime before the final January 13, 1976 deadline is encouraged to avoid the long lines at Registration time, January 12 and 13, 1976.

REGISTRATION IS NEITHER COMPLETE NOR OFFICIAL UNTIL ALL FEES, INCLUDING OUTSTANDING STUDENT ACCOUNTS RECEIVABLE BALANCES HAVE BEEN PAID IN FULL. Any payment which is insufficient to pay off the existing balance plus new fees leaves tuition unpaid and registration incomplete. Payments may be made by mail or at the Office of the Cashier, South Administration Building, Monday through Friday 9:00 a.m. to 3:30 p.m.

LATE FEES, SEVERANCE OF UNIVERSITY SERVICES AND CANCELLATION OF REGISTRATIONS WILL BE APPLIED TO CONTINUING UNPAID DEBTORS.

Any pre-registered student whose bill is to be paid by an outside agency is requested to come to Room 1103, South Administration Building with a copy of the Agency Purchase Order prior to Registration to receive contract credit. The cut-off date for acceptance of all contracts is on or before January 9, 1976.

Pre-registered students must cancel their registration in writing if at any time prior to the first day of classes they decide not to attend. FAILURE TO CANCEL PRE-REGISTRATION WILL RESULT IN FINANCIAL OBLIGATION TO THE UNIVERSITY EVEN THOUGH THE STUDENT DOES NOT ATTEND CLASSES.

When payment is made to the University, PAYMENT OF ANY OUTSTANDING BALANCES PRECEDES PAYMENT OF CURRENT INDEBTEDNESS. That is, the oldest account balance is liquidated first.

STUDENTS RECEIVING FINANCIAL ASSISTANCE

Students on scholarships and grants are expected to *maintain* a semester credit load of 14 hours. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University.

Students sponsored by an agency or their employer remain responsible for their fees. When payment is not received by the University from the sponsor, the student will be charged.

VETERANS BENEFITS

Students attending the University under the Veteran's Education Assistance Act (Title 38, U.S. Code) who completed Pre-registration will be certified on the basis of pre-registration course requests. This certification should be verified by the student at the Registrations Office, Room 1130, North Administration Building, 9:00 a.m. to 4:00 p.m., Monday through Friday.

ENROLLMENT CERTIFICATION AND VA PAYMENTS

1. How to compute payments based on enrollment status

Undergraduate student enrollment status is based on the number of credits for which the student is registered. Graduate student enrollment status is based on the number of units for which the student is registered. Courses taken as "AUDIT" cannot be counted toward credit for graduate or undergraduate students. Charges are the same for audit and for credit courses.

TABLE FOR COMPUTING GRADUATE UNITS

000-399	2 Units per credit
400-599	4 Units per credit
600-898	6 Units per credit
799	12 Units per credit
899	18 Units per credit

Graduate Students will not be certified for any course below the 400 level unless it is required by their department and a letter stating this is approved by Mr. Seidel in the Graduate School and submitted to the Veteran's Affairs Office when registering.

2. Table for payment during the Fall and Spring Semesters

Credits for Undergraduates	Units for Graduate Students	Status	Table of VA Fees for Undergraduate & Graduate			
			Single	Married	1 Child	Other
12 or more	48	Full time	\$270	\$321	\$366	\$22
9-11	36	¾ time	203	240	275	17
6-8	24	½ time	135	160	182	11
5 and under	12	¼ time	TUITION ONLY			

3. Graduate Assistants

Graduate students who are graduate assistants will be certified full time if their assistantship is confirmed in writing by Graduate School and they are taking 24 units. This must be done each semester. Please note . . . the Veterans Administration's definition of "full time" for Graduate Assistants differs from the University of Maryland definition and should be used only for VA purposes.

USES: The information will be used in your best interests in determining eligibility to the maximum benefits allowable by law. The responses which are submitted may be disclosed as permitted by law outside the Veterans Administration.

EFFECTS OF NON-DISCLOSURE: Disclosure of the requested information is voluntary. No penalty will be imposed for failure to respond. However, the decision as to entitlement for the benefit you are claiming must then be made on the basis of the available evidence of record. This may result in a delay in the processing of the claim, payment of less than maximum benefits, or complete disallowance of your claim. Failure to provide information in connection with the benefit currently being sought will have no detrimental effect on any other benefit to which you are entitled.

VETERANS COUNSELING

Under a new program, three Veterans Administration counselors, Frank Zuttermeister, Warren T. Maschauer and David M. Rhoads, now work on campus full time to assist veterans, their dependents, and service personnel with all VA related questions and problems. These representatives can offer you help in getting your monthly educational assistance checks as well as other less well known but available benefits.

The counselors are available on a walk-in basis during normal office hours in Rooms 1130 or 2108M North Administration Building (454-5276 and 454-5734).

OVERDUE STUDENT ACCOUNTS

The State has established, under legislative mandate, a CENTRAL COLLECTIONS UNIT within the department of Budget and Fiscal Planning. This campus has been instructed that all accounts must be transferred to the State Collections Unit when the accounts become 180 days overdue.

ACCOUNTS DUE FROM STUDENTS ARE INCLUDED WITHIN THESE GUIDELINES.

Collection costs incurred in collecting delinquent accounts will be charged to the student. The University is required by State law to refer all past due accounts to the State Central Collections Unit. The normal collection fee is 15% plus any attorney and/or court costs.

A FINANCIAL NOTE

ALL STUDENTS WHO PRE-REGISTER FOR THE SPRING 1976 SEMESTER INCUR A FINANCIAL OBLIGATION TO THE UNIVERSITY.

Students who pre-register and subsequently decide not to attend must notify the Registrations Office, Room 1130A, North Administration Building, in writing, prior to January 14. If this office has not received a request for cancellation by 4:30 p.m. on January 13, the University will assume the student plans to attend and accepts his financial obligation.

Beginning January 14 students who wish to terminate their registration must follow the withdrawal procedures and are liable for charges applicable at the time of withdrawal. FOR FURTHER EXPLANATIONS OF THE CANCELLATION AND WITHDRAWAL PROCEDURES AND THEIR CONSEQUENCES, SEE PAGE 3.

FEES AND EXPENSES

Registration is not complete or official until all financial obligations are satisfied. Returning students will not be permitted to complete registration until all financial obligations to the University including library fines, parking violation assessments and other penalty fees and service charges are paid in full.

Although the University regularly mails bills to students, starting with an estimated bill approximately one month prior to registration, it cannot assume responsibility for their receipt. If any student does not receive a bill before or shortly after the start of each semester, it is his/her responsibility to obtain a copy of the bill by coming to Room 1103, South Administration Building, between the hours of 9:00 a.m. and 4:00 p.m., Monday through Friday.

All checks or money orders should be made payable to the University of Maryland for the exact amount due. The student's social security number must be written on the check. In cases where the University has awarded a grant, scholarship, or workshop, the appropriate amount will be deducted on the bill, mailed approximately one month after the start of the semester.

Students may be severed from University services for delinquent indebtedness to the University which occurs or is discovered during a semester. In the event that severance occurs, the individual may make payment during the semester in which services were severed and all these services except housing will be restored. Students removed from housing because of delinquent indebtedness will be placed at the bottom of the waiting list after the financial obligation is satisfied and after reapplying for housing. Students who are severed from University services and who fail to pay the indebtedness during the semester in which severance occurs will be ineligible to pre-register or register for subsequent semesters until the debt is cleared. In the event of actual registration in a subsequent semester by a severed student who had not settled his student account prior to that semester, such registration will be cancelled and no credit will be earned for the semester.

In accordance with State law, the accounts of severed students are referred to the State Central Collections Unit in Baltimore for collection and legal follow-up. Costs incurred in collecting delinquent accounts are charged to the student. Collection costs are normally 15% plus any attorney and/or court fees.

No degree will be conferred, no grade issued, nor any diploma, certificate, or transcript of record issued to a student who has not made satisfactory settlement of this account.

AN IMPORTANT FEE NOTICE —

Although changes in fees and charges ordinarily will be announced in advance, the University reserves the right to make such changes without prior announcement.

EXPLANATION OF MANDATORY FEES

The Application Fee for the undergraduate programs and the summer sessions partially defrays the cost of processing applications for admission accepted in lieu of the matriculation fee. Applicants who have enrolled with the University of Maryland in University College at College Park or Baltimore, or at one of its off-campus centers are not required to pay the fee since they have already paid a matriculation fee.

The Fixed Charges Fee is charged to help defray the cost of operating the University's program at College Park.

The Instructional Materials Fee represents a charge for instructional materials and/or laboratory supplies furnished to students.

The Athletic Fee is charged for the support of the Department of Intercollegiate Athletics. All students are encouraged to participate in all of the activities of this department or to attend the contests if they do not participate.

The Student Activities Fee is a mandatory fee included at the request of the Student Government Association. It is used in sponsoring various student activities, student publications, and cultural programs.

The Recreational Facilities Fee is paid into a fund which will be used to expand the recreational facilities on the College Park campus, especially the Student Union Building.

The Auxiliary Facilities Fee is paid into a fund which is used for expansion and operation of various facilities such as roads, walks, campus lighting and other campus facilities. These facilities are not funded or are funded only in part from other sources.

OTHER FEES

Application Fee: \$15.00

Pre-College Orientation Program Registration Fee: \$26.00 (two day program)
\$14.00 (one day program)

Registration Fee: \$5.00. Charged as a separate fee for all registrants except full-time undergraduates.

Late Application Fee: \$25.00

Room Deposit Fee: payable upon application for dormitory room: \$50.00 (To be deducted from the second semester room charges at or after registration.)

Student Health Fee: all full-time students (9 credits or more, Graduate or Undergraduate), every semester — \$10.00; all part-time students (8 credits or less, Graduate or Undergraduate), every semester — \$5.00. Full-time employees and staff may not use Health Service Facilities and are not charged the Student Health Fee. Graduate Assistants are not full-time employees.

Vehicle Registration Fee: \$12.00 for first vehicle and \$3.00 for each additional vehicle in accordance with published regulations. Payable each academic year by all students registered for classes on the College Park Campus and who drive on campus. For cars registered for the spring semester only the fee is \$6.00 on the first car and \$3.00 for each additional vehicle.

Special Fee for students requiring additional preparation in Mathematics (MATH 001) per semester: \$75.00 (Required of students whose curriculum calls for MATH 110 or 115 and who fail in qualifying examination for these courses.) This Special Math Fee is in addition to course charge. Students enrolled in this course and concurrently enrolled for 6 or more credit hours will be considered as full-time students for purposes of assessing fees. Students taking only MATH 001 pay for 3 credits plus \$75. A 3 credit course plus MATH 001 results in a charge for 6 credits plus \$75. A full-time student pays full-time fees plus \$75.

Fees for Auditors and courses taken for audit are the same as those charged for courses taken for credit to determine whether or not an undergraduate student is full-time or part-time for fee assessment purposes.

Special Students are assessed fees in accordance with the schedule for the comparable undergraduate classification.

Late Registration Fee: \$20.00. All students are expected to complete their registration, including the filing of Schedule Adjustment Forms on the regular registration days. Those who do not complete their registration during the prescribed days must pay this fee. Registration is not completed until all fees, including outstanding SAR (Student Accounts Receivable) balances have been paid in full. Any payment which is insufficient to discharge the existing balance plus new fees leaves tuition unpaid and registration incomplete.

Withdrawal or Refund of Fees: Any student compelled to leave the University at any time during the academic year should file an application for withdrawal, bearing the proper signature, in the Office of Registrations. If this is not done, the student will forfeit his right to any refund to which he would otherwise be entitled. The date used in computing refunds is the date the application for withdrawal is filed in the Office of Registrations.

Stopping payment on a check does not constitute an official withdrawal.

A request for a refund must be processed by the student with the Division of Business Services, *otherwise* any student account credit will automatically be carried over to the next semester.

In the case of a minor, withdrawal will be permitted only with the written consent of the student's parent or guardian.

Full-time students withdrawing from the University will be credited for all academic fees charged to them in accordance with the following schedule:

Period from Date Instruction begins	Refundable
Two weeks or less	80%
Between two and three weeks	60%
Between three and four weeks	40%
Between four and five weeks	20%
Over five weeks	00%

No part of the charges for room and board is refundable except when the student officially withdraws from the University or when he is given permission by the appropriate officials of the University to move from the residence halls and/or to discontinue dining hall privileges. In these cases, the room refund will be computed by deducting a \$20.00 service charge and then multiplying the number of periods remaining times the pro rate weekly rate after adjusting for a service charge. Refunds to students having full board contracts will be calculated in a similar manner. No room and/or board refunds will be made after the fourteenth week of the semester.

The Food Service Identification Cards (FSID) must be surrendered to the Office of Registrations before any refund will be processed.

In computing refunds to students who have scholarships and loans from University funds, the computation will be made in such a way as to return the maximum amount to the scholarship and loan accounts without loss to the University.

A student who registers as a full-time undergraduate will receive no refund of the General Fee when courses are dropped (irrespective of the number of credit hours dropped) unless the student withdraws from the University. Hence, a student changing from full-time to part-time after the first day of classes receives no refund.

A student who registers as a part-time undergraduate student will be given a refund of the credit hour fee for courses dropped during the first week of classes. No refund will be made for courses dropped thereafter.

A special refund schedule applies to full-time students who are called up as Reservists for military service.

Property Damage Charge: Students will be charged for damage to property or equipment. Where responsibility for the damage can be fixed, the individual student will be billed for it; where responsibility cannot be fixed, the cost of repairing the damage or replacing equipment will be prorated among the individuals involved.

Service Charges for Dishonored Checks: Payable for each check which is returned unpaid by the drawee bank on initial presentation because of insufficient funds, payment stopped, post-dating drawn against uncollected items, etc.

For checks up to \$50.00: \$5.00

For checks from \$50.01 to \$100.00: \$10.00

For checks over \$100.00: \$20.00

Collection Costs: Collection costs incurred in collecting delinquent accounts will be charged to the student. The University is required by State law to refer all past due accounts to the State Central Collections Unit. The normal collection fee is 15% plus any attorney and/or court costs.

Library Charges: \$.25 — Fine for failure to return a book from General Library before expiration of loan period; per day. Fine for failure to return book from Reserve Shelf before expiration of loan period: First hour overdue on first day: \$1.00; after first hour on first day: \$2.00; each additional day: \$2.00. In case of loss or mutilation of a book, satisfactory restitution must be made.

Motor Vehicle Penalties: These are described in Traffic Rules & Regulations.

Textbooks and Supplies: Textbooks and classroom supplies vary with the course pursued, but will average \$85.00 per semester.

Payment of Fees: All checks, money orders, or postal notes should be made payable to the University of Maryland. The student's social security number must be written on the front of the check.

Change of Registration Fee: \$2.00 for each course dropped or added after the Schedule Adjustment Period.

Special Examination Fee: \$30.00 per course for full-time students; the part-time credit hour charge for part-time students. (See part-time credit charges on page 6.)

Cooperative Education Program in Liberal Arts and Business (CO-OP 208-209): \$30.00 each

Engineering COOP Program (ENCO 408-409): \$30.00 each

Transcript of Record Fee: \$2.00 each copy

FMCD 344 Fee: \$60.00 in addition to course charges. There is also a \$5.00 per week room charge for students not living in campus housing.

REMISSION OF FEES FOR FACULTY AND STAFF

Every semester an approved Authorization for Remission of Fees form must be turned in to the College Park Budget Office (Room 1133, Main Administration Building) in order to receive credit on the student bill for courses taken by faculty and staff members. Usually the authorizing department will forward this form directly to the Budget Office. Each faculty and staff member should check with his department to ascertain that the proper forms have been submitted.

Published deadlines and procedures for admission, readmission or reinstatement and registration apply to University faculty and staff who wish to take courses.

2. The permanent record and Change of College form should be taken to the General Undergraduate Advisement Office, Room 3153 Undergraduate Library (x2733, x3040).
3. The undecided student will be officially registered in the Office of the Dean for Undergraduate Studies and receive his advisement from the General Undergraduate Advisement Office. These offices and the student's former college will assume responsibility for the appropriate transfer of complete records.

CHANGE IN PROGRAM (Graduate students only)

1. A graduate student who wishes to change programs or degree objectives must submit a new application with fee to the Graduate School. Current deadlines for new applications apply.

GENERAL ACADEMIC INFORMATION

The changes in academic information described on the following pages became effective August 1973 and are applicable only to course work for August 1973 and after.

NEW REQUIREMENTS FOR RETENTION AND GRADUATION

1. A minimum of 120 credits of successfully completed (not I, F, or W) course credits are required for graduation in any degree curriculum. Credits transferred, or earned during prior admissions terminating in academic dismissal or withdrawal and followed by readmission, will be applicable toward meeting credit requirements for a degree.
2. A full-time student will be placed on academic probation at the end of any semester in which he does not achieve a total of 24 quality points for that semester. An exception to this rule will be made for full-time students registered for less than 12 credits at the end of the Schedule Adjustment Period (the close of the 10th day of classes) who will be required to earn: 18 quality points if he is registered for 9 credits, 20 quality points if he is registered for 10 credits, and 22 quality points if he is registered for 11 credits. Exceptions are also allowed for all full-time students in their first semester of registration on the College Park Campus, who must earn at least 18 quality points for that semester. This exception does not apply to students who have earned more than 8 credits through previous registration in the University.
3. Any student, full- or part-time, who fails to maintain a minimum cumulative average of 1.95 at the end of any semester following that in which the total of credits completed at the College Park Campus (with grades of A, B, C, D, P, S, or F), plus any credits transferred, is 45 credits, will be placed on academic probation. Credits completed with grades of A, B, C, D, and F, but not S, P, or I will be used in the computation of the cumulative average.
4. A student who does not meet the academic standards for any given semester will be placed on probation and must display acceptable performance in quality points and cumulative average (if applicable) during the next semester in order to regain good academic standing. A student will be dismissed at the end of the second consecutive, or fourth total, semester of unacceptable performance. Courses for which the mark "W" is recorded are excluded from computations of quality point and cumulative average totals at the end of the semester. However, such courses remain in computation of the minimum quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.
5. A student who has been academically dismissed and who is reinstated, will be academically dismissed again if he does not meet the academic standards for any two additional semesters after his return. In the computation of his cumulative average after return, all credits earned at the University of Maryland will be used.
6. When a student is placed on academic probation or is academically dismissed, the action shall be entered on the student's official and permanent record.
7. Any course may be repeated, but if a student repeats a course in which he has already earned a mark of A, B, C, D, P or S, the subsequent attempt shall not increase the total hours earned toward the degree. Only the higher mark will be used in computation of the student's cumulative average. However, the student's quality points in a given semester shall be determined by that semester's grades.
8. Any appeal from the regulations governing academic probation or academic dismissal shall be directed to the Petition Board, which shall be empowered to grant relief in unusual cases, if the circumstances warrant such action.

MARKING SYSTEM

1. The following symbols are used on the student's permanent record for all courses in which he is enrolled after the initial registration and schedule adjustment period: A, B, C, D, F, I, P, S, and W. These marks remain as part of the student's permanent record and may only be changed by the original instructor on certification, approved by the department chairman and Divisional Officer, that an actual mistake was made in determining or recording the grade.
2. The mark of A denotes excellent mastery of the subject. It denotes outstanding scholarship. In computations of cumulative or semester averages, a mark of A will be assigned a value of 4 quality points per credit hour.
3. The mark of B denotes good mastery of the subject. It denotes good scholarship. In computation of cumulative or semester averages a mark of B will be assigned 3 quality points per credit hour.
4. The mark of C denotes acceptable mastery. It denotes the usual achievement expected. In computation of cumulative or semester averages a mark of C will be assigned a value of 2 quality points per credit hour.
5. The mark of D denotes borderline understanding of the subject. It denotes marginal performance, and it does not represent satisfactory progress toward a degree. In computations of cumulative or semester averages a mark of D will be assigned a value of 1 quality point per credit hour.
6. The mark of F denotes failure to understand the subject. It denotes unsatisfactory performance. In computations of cumulative or semester averages a mark of F will be assigned a value of 0 quality points per credit hour.
7. The mark of P is a student option mark, equivalent to A, B, C, or D. (See PASS-FAIL option). The student must inform the Office of Registrations of his selection of this option by the end of the schedule adjustment period. In computation of cumulative averages a mark of P will not be included. In computation of quality points achieved for a semester, a mark of P will be assigned a value of 2 quality points per credit hour.
8. The mark of S is a department option mark which may be used to denote satisfactory participation by a student in progressing thesis projects, orientation courses, practice teaching and the like. In computation of cumulative averages a mark of S will not be included. In computation of quality points achieved for a semester, a mark of S will be assigned a value of 2 quality points per credit hour.
9. The mark I is an exceptional mark which is an instructor option. It is given only to a student whose work in a course has been qualitatively satisfactory, when, because of illness or other circumstances beyond his control, he has been unable to complete some small portion of the work of the course. In no case will the mark I be recorded for a student who has not completed the major portion of the work of the course. The student will remove the I by completing work assigned by the instructor; it is the student's responsibility to request arrangements for completion of the work. The work must be completed by the end of the next semester in which the course is again offered and in which the student is in attendance at the College Park Campus; otherwise the I becomes terminal (equivalent to W). Exceptions to the time period cited above may be granted by the student's Dean or Divisional Officer upon the written request of the student if circum-

stances warrant further delay. If the instructor is unavailable, the department chairman will, upon request of the student, make appropriate arrangements for the student to complete the course requirements. It is the responsibility of the instructor or department chairman concerned to return the appropriate supplementary grade report to the Office of Registrations promptly upon completion of the work. The I cannot be removed through registration for the course or through the technique of "credit by examination". In any event this mark shall not be used in any computations.

10. The mark W is used to denote that the student withdrew from a course in which he was enrolled at the end of the Schedule Adjustment Period. For information and completeness, the mark "W" is placed on the permanent record by the Registrations Office. This mark shall not be used in any computation of quality point or cumulative average totals at the end of the semester. However, this mark does not change the minimum number of quality points a student is required to achieve based on registration at the end of the Schedule Adjustment Period.
11. **Audit.** A student may register to audit a course or courses in which space is available. The notation AUD will be placed on his transcript for each course audited. A notation to the effect that this symbol does not imply attendance or any other effort in the course will be included on the transcript in the explanation of the grading system.

CREDIT BY EXAMINATION FOR UNDERGRADUATE STUDIES

The following statement was approved by the Board of Regents January 1974.)

1. Credit may be earned by examination for any undergraduate course, for which a suitable examination has been adopted or prepared by the department granting the credit. When standardized CLEP (College Level Examination Program) examinations are available they may be used.
2. Any student may take a course by examination by obtaining an application form from Dr. Helen Clarke (Room 3151, Undergraduate Library) paying the requisite fees, and taking the examination at a time mutually agreeable to the student and the department offering the course.
3. The applicant must be formally admitted to the University of Maryland. Posting of credit, however, will be delayed until the student is registered.
4. Application for credit by examination is equivalent to registration for a course; however, the following conditions apply:
 - A. A student may cancel his application at any time prior to completion of the examination with no entry on his permanent record. (Equivalent to the schedule adjustment period.)
 - B. The instructor makes the results of the examination available to the student prior to formal submission of the grade. Before formal submission of the grade, a student may elect not to have this grade recorded. In this case a symbol of "W" is recorded. (Equivalent to the drop procedure.)
 - C. No course may be attempted more than twice.
 - D. The instructor must certify on the report of the examination submitted to the Registrations Office that copies of the examination questions or identifying information in the case of standardized examinations, and the student's answers have been filed with the Chairman of the department offering the course.
5. Letter grades earned on examinations to establish credit (if accepted by the student) are entered on the student's transcript and used in computing his cumulative grade point average. A student may elect to take an examination for credit on a "Pass-Fail" basis under the normal "Pass-Fail" regulations.
6. Undergraduate students may earn by examination no more than half the credits required for the degree.
7. Fees for Credit by Examination:
 - A. Fees for CLEP (College Level Examination Program) and other standardized examinations.
 - (a) Fees for these examinations are determined externally and are not altered by the University. Credits earned by taking such examinations are treated as transfer credits.
 - B. Fees for University administered examinations to establish credit.
 - (1) Full-time students are charged \$30.00 for each course examination regardless of the number of credits. This fee is paid upon application for the examination and is not refundable regardless of whether or not the student completes the examination.
 - (2) Part-time students are charged in the same cost-per-credit-hour basis as through they were taking the course in the regular manner.

PASS-FAIL OPTION DEFINED UNDERGRADUATE

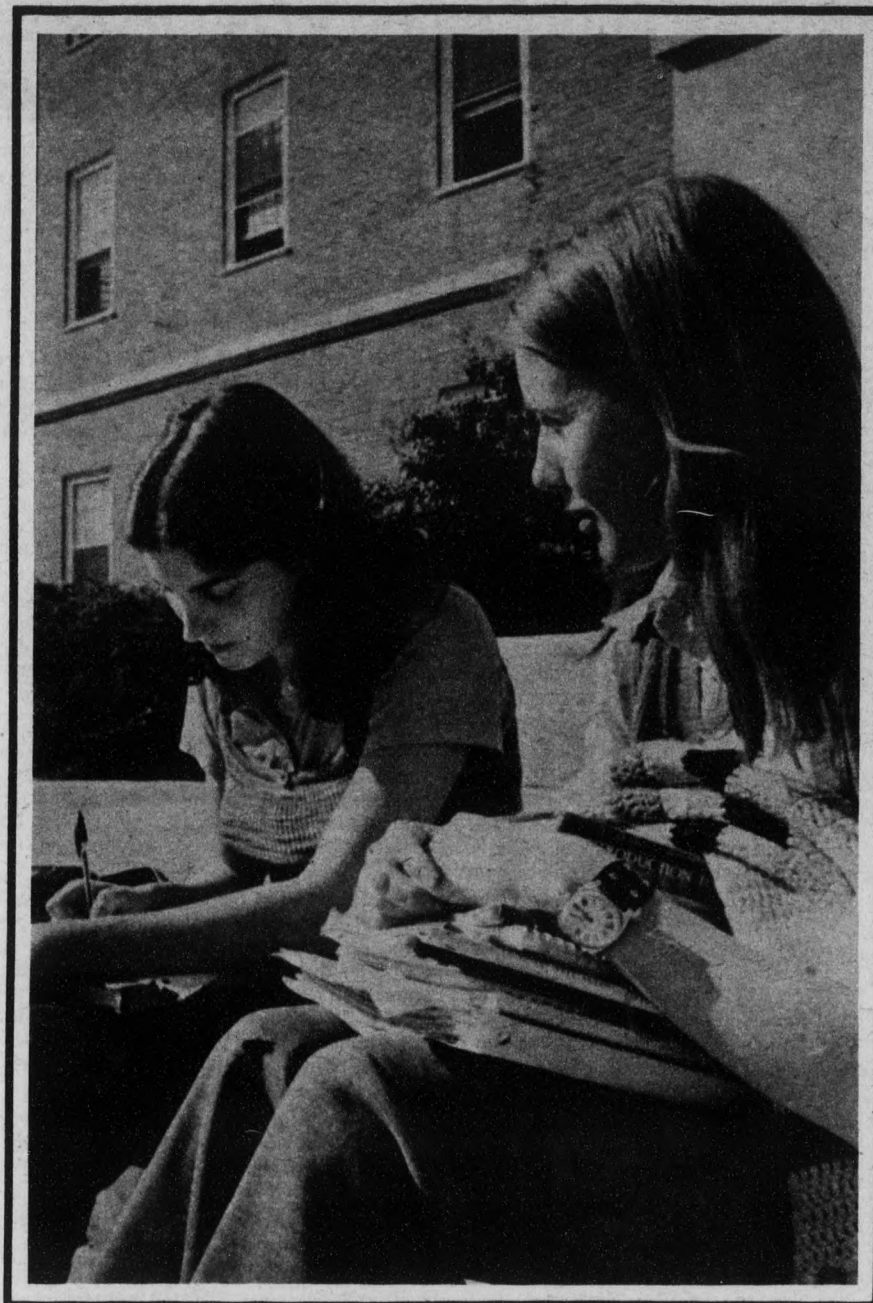

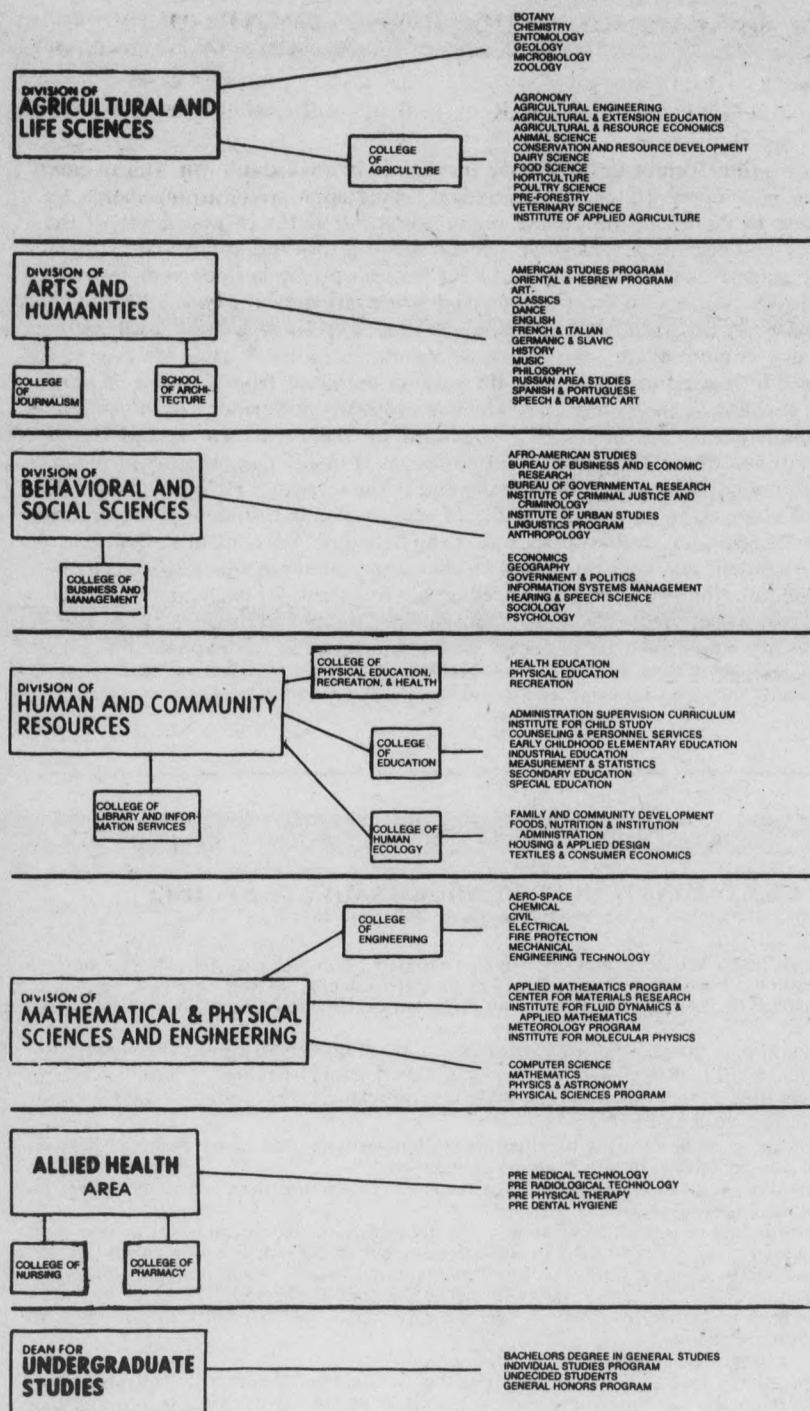

1. An undergraduate who has completed 15 or more credit hours at the College Park Campus and has a cumulative average of at least 2.00 may register for courses on the PASS-FAIL option during any semester or summer session.
2. Certain divisional requirements, major requirements or field of concentration requirements do not allow the use of the PASS-FAIL option. Certain courses within a department may be designated by that department as not available under the PASS-FAIL option. It is the responsibility of each student electing this option to ascertain in conjunction with his Provost, Dean, department or major advisor, whether the particular courses will be applicable to his degree requirements under the PASS-FAIL option.
3. No more than 20 percent of the credits offered toward the degree may be taken on the PASS-FAIL option basis.
4. Students registering for a course under the PASS-FAIL option are required to complete all regular course requirements. Their work will be evaluated by the instructor by the normal procedure for letter grades. The instructor will submit the normal grade. The grades A, B, C, or D will automatically be converted by the Office of Registrations to the grade P on the student's permanent record. In computation of cumulative averages a mark P will not be included. In computation of quality points achieved for a semester a mark of P will be assigned a value of 2 quality points per credit hour. The grade F will remain as given. The choice of grading option may be changed only during the schedule adjustment period for courses in which the student is currently registered.

GRADUATE — Not eligible for the PASS-FAIL grading option.

MATH 001* FOLA 001

Although these courses carry credit for billing and status purposes, they are regarded as having zero credit for academic calculation purposes. Therefore, these courses are excluded from the calculation of credits registered at the end of the Schedule Adjustment Period, from the calculation of quality points and from the calculation of cumulative grade point averages.

Math 001 fees are also discussed under "Billing Information — Other Fees" and "Refund Policy for Math 001."

IMPORTANT NOTICE

A&S Students

Effective with the Campus reorganization, July 1, 1973, the bulk of the student academic records which were formerly maintained by the Office of the Dean, College of Arts & Sciences (Room 1120, Francis Scott Key Hall) have been *transferred* to the office of the Division now administering those students' major departments. See below for the locations of the various Division offices. Students who have not yet declared a major, and those who have indicated a curricular choice (but no other major) in Pre-Dentistry, Pre-Law or Pre-Medicine have had their records sent to the General Undergraduate Advisement Office, Rm. 3151 Undergraduate Library. The records of students majoring in departments under the aegis of the Division of Arts and Humanities will remain in Rm. 1120, Francis Scott Key.

Students thus affected should go to the Office of the Provost of their Division or, where appropriate, to the General Undergraduate Advisement Office to transact such academic matters as: schedule adjustment (drop or add) after the stated deadlines; transfer credit evaluation; discussion of requirements for a degree; permission letters to take courses at another Campus or university; letters of recommendation, etc.

In all cases students who were in the College of Arts & Sciences at the time of the transition may continue seeking a degree from the College of Arts & Sciences or may change to a degree from the Division. To determine eligibility for either degree, students should consult their Divisional representative. Students should indicate their choice of degree when filing their applications for diplomas.

If questions arise concerning where your academic records are now located, please consult your Division Office or the General Undergraduate Advisement Office, Rm. 3151 Undergraduate Library, Ext. 2733 or 3040.

GENERAL REQUIREMENTS

Effective August 1973, new GENERAL UNIVERSITY REQUIREMENTS replaced the General Education Requirements. Students enrolled in the University prior to August 1973 have the option of completing either the old General Education Requirements or the new General University Requirements. All students first entering the University in August 1973 or after must complete the new General University Requirements.

GENERAL UNIVERSITY REQUIREMENTS (NEW)

GENERAL UNIVERSITY REQUIREMENTS consist of 30 semester hours of credit distributed as described below:

I. At least 6 credits must be taken in each area. At least 9 of the 30 semester hours must be taken at the 300 level or above. None of the 30 hours may be counted toward published departmental, college or divisional requirements for a degree. Students may select either the pass-fail or letter grading option for these courses as outlined in this Schedule (see PASS-FAIL OPTION DEFINED).

Area A: 6-12 hours elected in the Divisions of Agricultural and Life Sciences: Mathematical & Physical Sciences & Engineering.

Area B: 6-12 hours in the Divisions of Behavioral and Social Sciences: Human and Community Resources.

Area C: 6-12 hours in the Division of Arts & Humanities.

In meeting these area requirements, students may choose from among any undergraduate courses for which they are qualified. Students are urged to consult with academic advisors for guidance in determining which courses in each area best fit individual needs and interests.

II. Demonstration of competency in English composition. Unless the student has been exempted from English composition, at least one course in this subject will be required. Exemption is granted if the student earns an acceptable SAT Verbal score (score announced annually), or a score of 3 on the English Advanced Placement Test, or by satisfactory completion of a similar course at another institution. Students taking a course to satisfy this requirement may apply the credits toward the 30-hour General University Requirement but may not count these credits toward the satisfaction of the minimum 6-hour requirement in any of the three designated areas. Credit for such a course may be in addition to the 12-hour maximum in any area.

To further define "area" this chart has been prepared by the Advisor's Workshop. On the chart is listed the prefix of all courses offered on the College Park campus. The prefixes are listed according to which area (A, B, or C) of the General University Requirements they will meet.

GENERAL EDUCATION REQUIREMENTS (OLD)

These requirements are applicable *only* to students whose first semester at the University of Maryland was prior to August 1973 and who choose to complete these General Education Requirements rather than the new General University requirements.

For students electing to satisfy the old General Education Requirements, the following specific courses may be used (course descriptions appear in the Consolidated Undergraduate Catalog). In addition, a student may (within the limits of his particular curriculum) satisfy a General Education requirement in each category with any designated course for which he is eligible by placement examination, department evaluation, etc. Additional information may be obtained from the Office of the Dean for Undergraduate Studies, Room 1115 Undergraduate Library (X 2530-2531).

HEALTH AND PHYSICAL EDUCATION

Two (2) physical activity courses, and one Health Education course (HLTH 105) are required of both men and women students.

If students under the old General Education Requirements now take a basic PHED course (100A — 177Z), they will receive credit toward graduation for that course only if it is in addition to their two required PHED courses.

Students under the new University Requirements will receive credit toward graduation for all PHED courses.

BACHELOR OF GENERAL STUDIES DEGREE PROGRAM

The Bachelor of General Studies degree, approved by the Board of Regents in 1972, differs from other current degrees in that it is a degree without a concentration in a specific discipline or department.

The BGS program permits the student to obtain an education in as broad a set of disciplines or thought patterns as are offered at the College Park Campus without adherence to a previously defined curriculum with a departmental or divisional orientation.

No other University degree requirements, such as General University Requirements, apply to the BGS.

The very concept of the BGS is predicated on broad ranging educational objectives and not on the more specific requirements of graduate school and professional employment. Students who elect this program should specifically be aware that it is not designed to satisfy those requirements. While the early BGS graduates have not experienced unusual problems with further education and employment, the individual student's experience may well depend on the quality of program which he designs within the parameters of the BGS requirements.

Additional information on the BGS may be obtained from Dr. Judith Sorum, the Assistant Dean for Undergraduate Studies (Telephone: X 2530/31).

REQUIREMENTS

To receive a Bachelor of General Studies degree, a student must satisfy the following requirements:

1. A minimum of 120 credits must be accumulated with a grade point average of at least 2.0 in all courses.
2. No more than 30 credits in any one department may be applied toward the required 120 credits.
3. The courses taken must be distributed over at least three divisions with a maximum of 60 credits in any one division counted toward the required 120 credits.
4. At least 45 credits must be taken at the upper level (courses numbered 300 or higher); a 2.0 average must be obtained in all upper level courses.
5. The student must be registered as only a Bachelor of General Studies major for at least the last 30 credits immediately preceding the awarding of the degree. Recipients of the BGS degree may elect to earn a second baccalaureate in another area and must satisfy all University requirements. However, one may not elect to earn a second degree in General Studies if a degree in another area has previously been earned.
6. The student pursuing the BGS program shall be advised by a faculty member either appointed by or acceptable to the Dean for Undergraduate Studies.

THE INDIVIDUAL STUDIES PROGRAM

ADMISSION

The Individual Studies Program is open to students of the University of Maryland, College Park:

- A. Who have a clearly defined desire to pursue a field of study which cannot reasonably be satisfied in an existing approved curriculum, and
- B. Who have the ability to design, with faculty assistance, a sequence of formal and/or informal learning experiences, satisfactory completion of which is deemed adequate for awarding a Bachelor's degree.

Application for admission should be made with the Administrative Dean for Undergraduate Studies as early as possible in the student's undergraduate career. Normally the student should have successfully completed one semester of residence at College Park prior to submission of the application; however, in exceptional circumstances the student may petition the Dean for a waiver of this requirement. Admission to the Individual Studies Program must be officially approved prior to the final 30 semester hours equivalence of the proposed curriculum. Final approval of the proposed program will be dependent on the availability of a faculty tutor competent and willing to supervise the program.

PROGRAM REQUIREMENTS

- A. The student, with the aid of an assigned faculty tutor, must prepare a prospectus of the complete undergraduate program designed to be consistent with the student's stated academic objective. The completed prospectus is then submitted for approval to a committee consisting of the Dean for Undergraduate Studies or his representative, the tutor, and three professional faculty members. This prospectus, when officially approved, is filed with the Administrative Dean for Undergraduate Studies and becomes the curriculum under which this student will earn the degree.
- B. Students in the Individual Studies Program must meet the stated University requirements for awarding of a degree, namely:
 1. Completion of 120 academic credit hours with an average grade of "C" or better and
 2. Satisfaction of the General University Requirements.
- C. The student's program must include at least 12 hours of formal course work numbered 300 or above, not including General University Requirements nor IVSP 319, Tutorial Report.
- D. For each semester of full-time residence, the student must register for IVSP 319, Tutorial Report (1 credit hour). Requirements for the course will include a written analysis of progress toward completion of degree requirements. This report should be turned in to the tutor and discussed with the tutor in planning the next stages of work toward the degree.
- E. A Bachelor's Paper, IVSP 320, is required of all students in the Individual Studies Program whose program includes 40% or more of informal educational experience (independent study, special problems, work internship, etc.) and is strongly recommended for all students in the program. This paper is to be completed in the student's final semester and approved by the tutor and committee prior to certification for the degree.

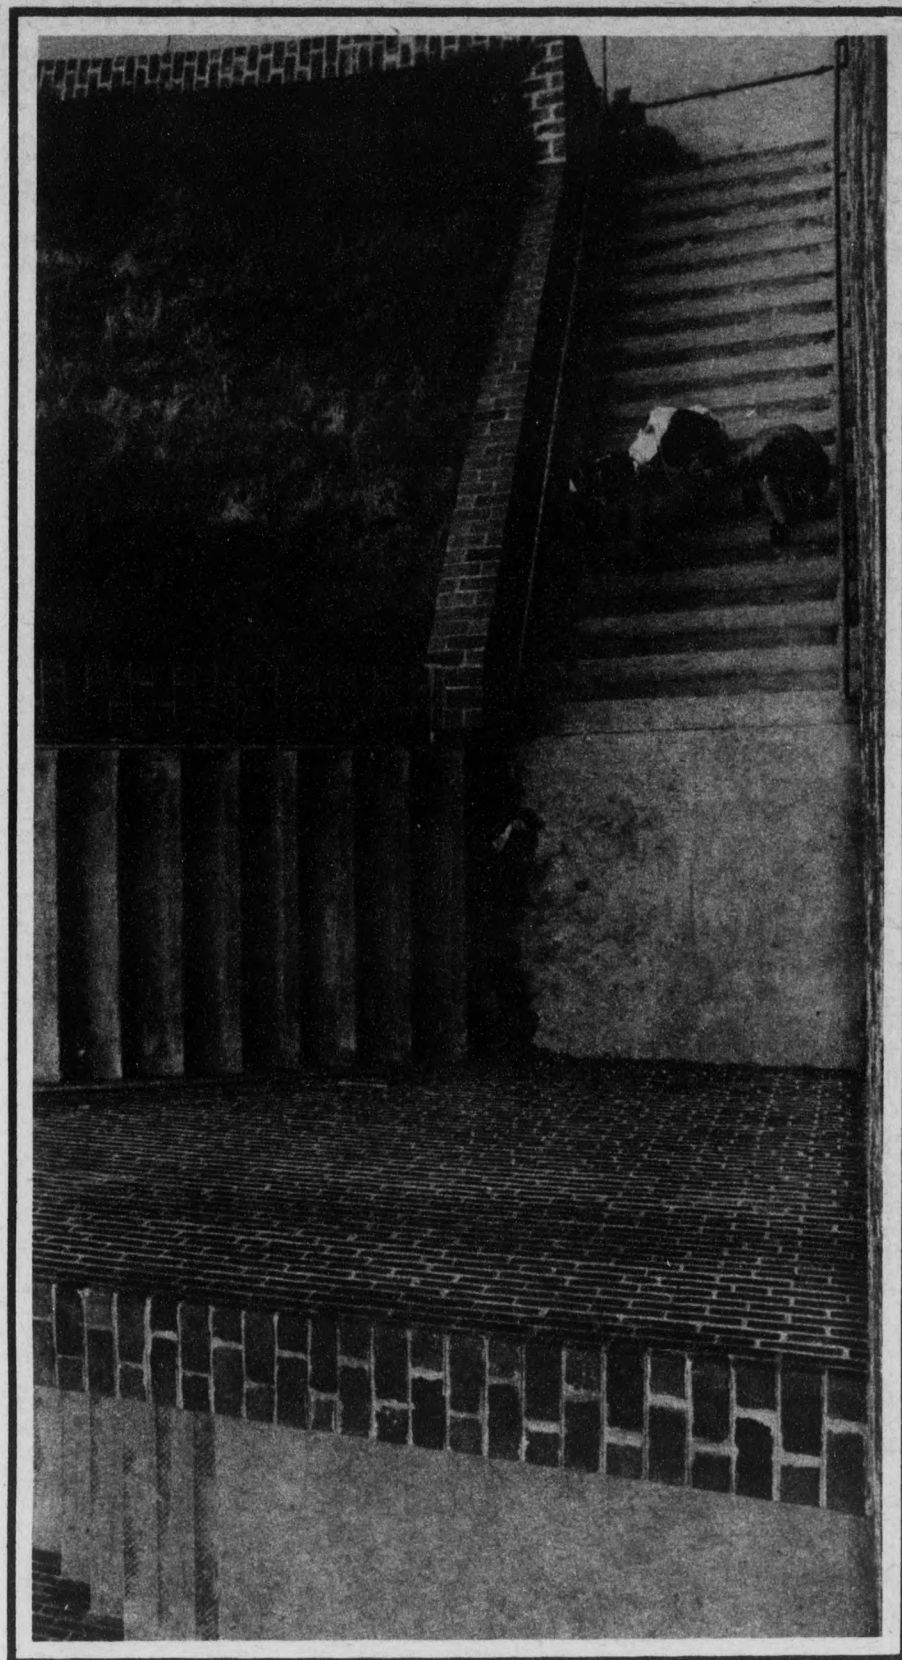

Determination as to whether the Bachelor of Arts or Bachelor of Science degree will depend on the predominant subject matter content of the program approved.

Amendments to this curriculum may be initiated by the student at any time and when officially approved become an integral part of the curriculum.

Students considering enrollment in the Individual Studies Program should consult Dr. Judith Sorum, Assistant Dean for Undergraduate Studies (Room 1115 Undergraduate Library, ext. 2530/31) who will, if the student's enrollment in the program seems appropriate, help the student locate a suitable tutor.

COMMENCEMENT HONORS

Beginning with the 1975-1976 academic year, honors for excellence in scholarship are awarded to not more than ten percent (10%) of the graduating class in each degree granting unit. Summa Cum Laude is offered to the highest two percent (2%), Magna Cum Laude to the next three percent (3%), and Cum Laude to the next five percent (5%). To be eligible for this recognition, a total of at least two years of residence (60 semester hours) is required. (The computation does not include grades for courses taken during the last semester of registration before graduation.) No student with an average less than 3.00 will be considered.

FOREIGN LANGUAGE PLACEMENT

ARTS AND HUMANITIES REQUIREMENTS: If a student has had three years of one foreign language or two years in each of two foreign languages as recorded on his high school transcript, he is not required to take any foreign language in the division, although he may elect to do so.

However, the College of Journalism requires completion either by course work or placement, of any intermediate language level (104, 115). The School of Architecture has no foreign language requirement.

FRENCH DEPARTMENT: Students who have had two or more units of high school French are required to take the Placement Exam, as a result of which they may be placed in French 101 for credit, French 103, French 104, or higher. Admission to French 102 is limited to those who have completed 101 at the University of Maryland, College Park. Students with less than two years of high school French or with a five-year gap in their French studies may take French 101 for credit. Transfer students with some college French should consult the department for placement. CEEB French Achievement test scores will be accepted on an equivalent basis with the placement exam.

GERMAN DEPARTMENT: Students who have had two or more years of high school German are required to take the placement exam unless they have taken the CEEB German Achievement test and the results have been forwarded to the University. German students placing below German 113 are required to take German 111 and German 112 before continuing with German 114 and 115.

SPANISH DEPARTMENT: Students who have had at least two years of high school Spanish, and who wish to continue or resume their study of that language, are urged to take the Placement Exam if (1) they feel uncertain of their ability to take Spanish 104, or (2) they wish to be exempted from Spanish 104.

Students who have taken the CEEB Spanish Achievement Test should submit their achievement scores in lieu of taking the University's Placement exam.

A student with two or more years of high school Spanish may take Spanish 101 for credit provided he obtains the permission of the Chairman of the Department. Students starting in Spanish 101 must follow the prescribed sequence of Spanish 101, 102, and 104.

Students who feel uncertain of their ability to take Spanish 104 may choose to take Spanish 103 (a one semester review course) without taking the University Placement exam.

Spanish students placing in 103 must complete 104 to satisfy the divisional language requirement. Students placing in 104 are required to complete 104 only. Students placing above 104, or who have taken the equivalent of 104 at another institution, are deemed to have satisfied the language requirement.

FOREIGN LANGUAGE PLACEMENT EXAM SCHEDULE

During the Spring 1976 semester there will be placement testing in Room 0106, Shoemaker Building at 3:00 p.m. on the second Friday of each month. To be admitted for testing, students must have a picture I.D.

Testing during Spring Registration is scheduled for Friday, January 16 at 8:00 a.m. in Room 2101, Shoemaker Building, and Tuesday, January 20 at 4:00 p.m. in Room 2101, Shoemaker Building. Bring a picture I.D. in order to be admitted.

ADVISEMENT INFORMATION

INTRODUCTORY STATEMENT

UNDERGRADUATE — With the exception of new students, advisement is not a mandatory part of the undergraduate registration system. The decision regarding necessity of advisement is up to the student. However, all students are strongly urged to avail themselves of advisement as needed. It is of utmost importance for each student to become familiar with the degree requirements indicated in the Consolidated Undergraduate Catalog. If advisement is desired, advisors are available and anxious to assist the students. They are familiar with special degree requirements, course prerequisites and the general stipulations governing admission to courses which require permission of the instructor. Arrangements for advisement can be made through the department.

For additional information about advisors and advisement procedures contact the General Undergraduate Advisement Office, Room 3151, Undergraduate Library, or call x3040 or x2733.

Advisement is required for all first semester freshmen and transfer students.

GRADUATE — Graduate students preregistering or registering for courses must have the approval of their program advisors in order to make certain that the minimum Graduate School and program requirements are being satisfied, particularly in the case of degree seekers.

CREDIT LIMITS DEFINED

UNDERGRADUATE — limited to 19 sem. hrs.

Any exceptions must be approved by the Dean or Provost. Forms for this purpose will be available in the Dean's or Provost's Office and should be turned in with Registration Materials.

GRADUATE — limited to 15 sem. hrs.

GRADUATE STUDENTS with a Teaching or Research Assistantship — limited to 10 sem. hrs.

FULL-TIME STATUS DEFINED

Effective August 1973, official status (either full-time or part-time) for academic purposes will be determined on the basis of a student's registration at the end of the Schedule Adjustment Period. The Schedule Adjustment Period is defined as the first ten days of classes.

UNDERGRADUATE — Full-time — Registered for 9 or more semester hours at the end of the Schedule Adjustment Period. Note, however, that students on scholarships and grants are expected to maintain a semester credit load of 14 hours. If the registration of a student with a scholarship or grant falls below the required credit hours, the scholarship or grant is automatically cancelled. Cancellation of a scholarship or grant without subsequent payment of amounts due will lead to an indebtedness to the University. Such indebtedness can in turn lead to severance of services by the University.

GRADUATE — Full-time — Registered for minimum of 48 graduate units at the end of the Schedule Adjustment Period.

GRADUATE STUDENTS with Teaching or Research Assistantship — Full-time — Registered for minimum of 24 graduate units at end of the Schedule Adjustment Period.

WHAT'S NEW AND INTERESTING

AMERICAN STUDIES PROGRAM

AMST 202 — INTRODUCTION TO AMERICAN STUDIES. This course will approach the study of American culture utilizing various methods of observation such as community studies, oral history, 'new journalism,' the novel, and autobiography. The emphasis of the course will be to engage the student with his own contemporaneous experience by providing some models for explaining and absorbing the dichotomies of our society.

AMST 298A — SELECTED TOPICS IN AMERICAN STUDIES: ASIANS IN AMERICA. This is an introduction to the experience of Asians in America. The Asian American experience is studied as an integral part of the development of America itself — its politics, economy and society. With the help of films and guest speakers, the major topics to be covered include Asian immigration, Asian labor in the American economic development, anti-Asian movements and legislation, Asian community development and American policies in Asia. The course is inter-disciplinary in approach and is designed to give students an understanding of the historical condition and contemporary issues affecting Asians in America.

AMST 298B — SELECTED TOPICS IN AMERICAN STUDIES: CONTEMPORARY FEMINISM: AN ENCOUNTER WITH AMERICAN SOCIETY AND CULTURE. The concerns of this course will center around women's relationships to domesticity, work, sexuality, and mental health as they are touched by both the realities of social structure and the ideas people hold. Utilizing some of the major works (by authors such as Caroline Bird, Phyllis Chesler, Betty Friedan, Elizabeth Janeway, Erica Jong, Kate Millett, and Barbara Seaman) to come out of the contemporary feminist movement, in their historical and theoretical contexts, we will use feminism as a case study of the relationship of individuals and groups to society as well as strive to relate the material to our own lives.

PRE-MED CLERKSHIP PROGRAM

The Pre-Med Clerkship Program that began last summer is being offered again this spring by the Division of Agriculture and Life Sciences. Junior and senior pre-meds with a GPA of 3.0 or better can spend one day a week at an area hospital as student observers to acquire an overview of the hospital environment. This experience may assist pre-med students with career decisions. Time is spent observing patient care at all levels, including the service-related departments. Also, students attend lectures by professionals in diverse areas of medical care. The field experience is worth 3 credits, and concurrent registration is required in the seminar portion of the course which is worth 2 credits. Guest speakers are presented to discuss social issues in medicine. The program has a limited enrollment (by permission only). Eligible students are encouraged to fill out applications at the Office of Experiential Learning Programs, in the Student Union, room 1211A. If you want to inquire about the program, stop in the office, or call 454-4767.

POLICY OF THE
UNIVERSITY OF MARYLAND
ON ACCESS TO AND RELEASE OF
STUDENT DATA/INFORMATION

General Statement

The University of Maryland has the responsibility for effectively supervising any access to and/or release of official data/information about its students. Certain items of information about individual students are fundamental to the educational process and must be recorded. This recorded information concerning students must be used only for clearly-defined purposes, must be safeguarded and controlled to avoid violations of personal privacy, and must be appropriately disposed of when the justification for its collection and retention no longer exists.

In this regard, the University is committed to protecting to the maximum extent possible the right of privacy of all individuals about whom it holds information, records and files. Access to and release of such records is restricted to the student concerned, to others with the student's written consent, to officials within the University, to a court of competent jurisdiction and otherwise pursuant to law.

Access

All official information collected and maintained in the University identifiable with an individual student will be made available for inspection and review at the written request of that student subject to certain exceptions.

For purposes of access to records at the University of Maryland, a student enrolled (or formerly enrolled) for academic credit or audit at any campus of the University shall have access to official records concerning him on any campus on which he is or has been enrolled.

The personal files of members of the faculty and staff which concern students, including private correspondence, and notes which refer to students, are not regarded as official records of the University. This includes notes intended for the personal use of the faculty and never intended to be official records of the University.

A request for general access to all official records, files and data maintained by a campus, must be made in writing to the coordinator of records or to other person(s) as designated by the Chancellor at that particular campus. A request for access to official data maintained in a particular office may be made to the administrative head of that office.

When a student (or former student) appears at a given office and requests access to the University records about himself,

- 1. The student must provide proper identification verifying that he is the person whose record is being accessed.
- 2. The designated staff person(s) must supervise the review of the contents of the record with the student.
- 3. Inspection and review shall be permitted within a period not to exceed 45 days from the date of the student's request.
- 4. The student will be free to make notes concerning the contents but no material will be removed from the record at the time.

Under normal circumstances, the student is entitled to receive a copy of his permanent academic record. A reasonable administrative fee may be charged for providing copies of this or other items.

Record keeping personnel and members of the faculty and staff with administrative assignment may have access to records and files for internal educational purposes as well as for routinely necessary clerical, administrative and statistical purposes as required by the duties of their jobs. The name and position of the official responsible for the maintenance of each type of educational record may be obtained from the coordinator of records or other person appointed by the Chancellor on each campus.

Any other access allowed by law must be recorded showing the legitimate educational or other purpose and the signature of the person gaining access. The student concerned shall be entitled to review this information.

Release of Information

Except with the prior written consent of the student (or former student) concerned, or as required by federal and state law, no information in any student file may be released to any individual (including parents, spouse, or other students) or organization with the exception of information defined as "Public Information."

When disclosure of any personally identifiable data/information from University records about a student is demanded pursuant to court order or lawfully issued subpoena, the staff member receiving such order shall immediately notify the student concerned in writing prior to compliance with such order or subpoena.

Data/information from University records about students will be released for approved research purposes only if the identity of the student involved is fully protected.

A record will be kept of all such releases.

Information from University records may be released to appropriate persons in connection with an emergency if the knowledge of such information is necessary to protect the health or safety of a student or other persons.

Public Information

The following items are considered public data/information and may be disclosed by the University in response to inquiries concerning individual students, whether the inquiries are in person, in writing or over the telephone.

- 1. Name
- 2. Affirmation of whether currently enrolled
- 3. Campus location

Unless the student has officially filed a request with the campus registrar that disclosure not be made without his written permission, the following items in addition to those above are considered public information and may be included in appropriate University/campus directories and publications and may be disclosed by designated staff members on each campus in response to inquiries concerning individual students, whether the inquiries are in person, in writing, or over the telephone.

- 1. School, college, department, major or division
- 2. Dates of enrollment
- 3. Degrees received
- 4. Honors received
- 5. Local address and phone number
- 6. Home address (permanent)
- 7. Participation in officially recognized activities and sports
- 8. Weight and height of members of athletic teams

The release of public information as described above may be limited by an individual campus policy.

Letters of Appraisal

Candid appraisals and evaluations of performance and potential are an essential part of the educational process. Clearly, the provision of such information to prospective employers, to other educational institutions, or to other legitimately concerned outside individuals and agencies is necessary and in the interest of the particular student.

Data/information which was part of University records prior to January 1, 1975 and which was collected and maintained as confidential information, will not be disclosed to students. Should a student desire access to a confidential letter of appraisal received prior to January 1, 1975, the student shall be advised to have the writer of that appraisal notify, in writing, the concerned records custodian of the decision as to whether or not the writer is willing to have the appraisal made available for the student's review. Unless a written response is received approving a change of status in the letter, the treatment of the letter as a confidential document shall continue.

Documents of appraisal relating to students collected by the University or any department or office of the University on or after January 1, 1975 will be maintained confidentially only if a waiver of the right of access has been executed by the student. In the absence of such a waiver, all such documents will be available for student inspection and review.

All references, recommendations, evaluations and other written notations or comments, originated prior to January 1, 1975, where the author by reason of custom, common practice, or specific assurance thought or had good reason to believe that such documents and materials would be confidential, will be maintained as confidential, unless the author consents in writing to waive such confidentiality.

If a student files a written waiver with the department or office concerned, letters of appraisal received pursuant to that waiver will be maintained confidentially. Forms will be available for this purpose.

Challenges to the Record

Every student shall have the opportunity to challenge any item in his file which he considers to be inaccurate, misleading or otherwise inappropriate data. A student shall initiate a challenge by submitting a request in writing for the deletion or correction of the particular item. The request shall be made to the custodian of the particular record in question.

If the custodian and the student involved are unable to resolve the matter to the satisfaction of both parties, the written request for deletion or correction shall be submitted by the student to the coordinator of records, or other such person as designated by the Chancellor, who shall serve as the hearing officer. The student shall be given the opportunity for a hearing, at which the student may present oral or written justification for the request for deletion or correction. The hearing officer may obtain such other information as he deems appropriate for use in the hearing and shall give the student a written decision on the matter within thirty (30) days from the conclusion of the hearing. If the decision of the hearing officer is to deny the deletion or correction of an item in the student's file, the student shall be entitled to submit a written statement to the hearing officer presenting his position with regard to the item. Both the written decision of the hearing officer and the statement submitted by the student shall be inserted in the student's file. The decision of the hearing officer shall be final.

Grades may be challenged under this procedure only on the basis of the accuracy of their transcription.

Exceptions to the Policy

It is the position of the University that certain data/information maintained in various offices of the University is not subject to the provisions of this policy with regard to inspection, review, challenge, correction or deletion.

- (a). Statements submitted by parent/guardian or spouse in support of financial aid or residency determinations are considered to be confidential between those persons and the University, and are not subject to the provisions of this policy except with the written consent of the persons involved. Such documents are not regarded as part of the student's official record.
- (b). University employment records of student are not included in this policy, except as provided under Article 76A of the Annotated Code of Maryland.
- (c). With regard to general health data, only that data/information which is used by the University in making a decision regarding the student's status is subject to review by the student under this policy. Written psychiatric or psychological case notes which form the basis for diagnoses, recommendations, or treatment plans remain privileged information not accessible to the student. Such case notes are not considered to be part of official University records. To ensure the availability of correct and helpful interpretations of any psychological test scores, notes or other evaluative or medical materials, the contents of these files for an individual student may be reviewed by that student only in consultation with a professional staff member of the specific department involved.
- (d). Records relating to a continuing or active investigation by the campus security office, or records of said office not relating to the student's status with the University are not subject to this policy.
- (e). No student is entitled to see information or records that pertain to another student, to parents, or to other third parties. A student is entitled to review only that portion of an official record or file that pertains to him or her.

Notice

Notice of these policies and procedures will be published by the University.

The foregoing statement of University policy becomes effective immediately, but should be regarded as tentative pending the issuance of federal regulations and guidelines or amendments in the applicable laws.

The masculine gender of personal pronouns in this document includes the feminine gender.

Approved by the President's Administrative Council, 2/3/75.

In accordance with this University of Maryland policy on Access to and Release of Student Data/Information, forms are available at the Registration Counter, North Administration Building.

Any student who wishes to limit the disclosure of data/information as stipulated in this policy should complete the form entitled "Request for Limited Access to and Release of Student Data/Information—Request for Limited Access" (Form I) and return it to the Registration Counter, North Administration Building.

Any student who wishes access to his/her official records should complete the form entitled "Request for Limited Access to and Release of Student Data/Information—Request for Access" (Form II) and return it to the Registrations Counter, North Administration Building.
